Subject: FY 2012 IA Indirect Cost Rates and Distribution Percentages

In accordance with RMDS 2540-13-P1, "Agency Indirect Cost Allocation System for Funds-In Interagency Agreements," attached are the FY 2012 indirect cost rates for funds-in interagency agreements. These rates apply to all new agreements awarded during FY 2012 subject to full cost billing. RMDS 2540-13-T1, "Full Cost Funds-In Interagency Agreements," provides information on the IA authorities subject to full cost.

In addition, the following distribution percentages should be used to allocate indirect cost proceeds during FY 2012:

Regional IAs: OCFO - 25.94%; OARM - 18.75%; Regions - 55.31%

Program Office IAs: OCFO - 44.98%; OARM - 32.51%; Program Offices - 22.51%

For Oil Spill indirect rate distributions, please use the Regional IA distribution percentages above.

If you have any questions, please contact me.

Thank you.
